(Academic Institution Name)

(Address)

THIS UNIVERSITY SOFTWARE LICENSE AGREEMENT sets forth the terms and conditions under which Bluespec, Inc. ("Bluespec") grants to the academic institution identified above ("Licensee") a license to use certain software as specifically identified in one or more separately executed University Term License Order Schedules hereto (the "License Order Schedule(s)"). This University Software License Agreement, together with all License Order Schedules, shall be referred to as the "Agreement". This Agreement and any amendment hereto is subject to final review and acceptance at Bluespec's headquarters location. The effective date of this University Software License Agreement will be the date of last execution set forth below ("Effective Date"). An authorized representative of the Licensee must review and approve this Agreement.

## General Terms and Conditions

### 1. LICENSE GRANT

1.1 Bluespec grants to Licensee a nonexclusive, nontransferable, non-sublicensable (except as otherwise expressly authorized in this Section 1), limited license to use the software ordered on a License Order Schedule (the "Software") subject to the terms and conditions of this Agreement and in accordance with Bluespec's applicable documentation for the Software ("Documentation"). Licensee may install and use the object code version of such Software and its Documentation only for its internal use (i.e., exclusively for or directly in support of educational instruction and non-profit academic research by the Licensee's employees, full-time research fellows and students (collectively, "Authorized Users")), in the number of copies and solely at the Installation Site (as defined below) specified on the applicable License Order Schedule. Notwithstanding anything in this Agreement to the contrary, the license granted in this Section 1 does not include any license or right to use the Software directly or indirectly in any commercial activity or for any commercial purpose (including, without limitation, developing, enhancing or supporting products, goods or services, whether for any profit or non-profit use or purpose (for example, Licensee shall not use these licenses for contracts with third-parties such as governments unless solely for open academic research and/or teaching; any work product from third-party contracts based on using Bluespec licenses may not be selectively provided to any third-party and must conform to the other terms and conditions of this agreement.)). The limited license granted hereunder includes the right to make one copy of the Software solely for archival purposes. No license, rights or interest in any trademark, trade name or service mark of Bluespec or its licensors is granted to Licensee. Any extension of Licensee's rights requires payment of additional fees in accordance with Bluespec's then-current terms and fees.

1.2 For purposes of this Agreement, "Installation Site" means the specific address of Licensee as specified above, and any other facilities of Licensee within a radius of one mile, including all remote access from such facility(ies). For purposes of this Agreement, "remote access" means access to the Software through a Web-browser or local access via a portable or hand-held computing device by any Authorized User of Licensee, and will be deemed to be "internal use" under this Agreement; provided that (a) such use will be subject to the terms hereof and (b) Licensee will be responsible for all claims and liabilities resulting from such use and for any breach of this Agreement by such Authorized Users. Subject to Bluespec's express prior written consent otherwise, nothing in this Agreement permits Licensee to provide copies of the Software (or any elements or output thereof) directly or indirectly to any third party for any purposes, including, but not limited to, designing FPGAs or semiconductor chips, administering the Software, or developing, enhancing or supporting any products, goods or services, whether for any

profit or non-profit use or purpose. Notwithstanding the foregoing, Licensee is not restricted under this Section 1.2 from sublicensing the (x) BSV source code ("Input"), (y) Verilog code generated by the Software ("Output"), and (z) Bluespec libraries required to support any Output ("Bluespec Verilog Libraries") to a third party (without the right to further sublicense) directly in furtherance of Licensee's use of the Software in accordance with Section 1.1 hereof as follows: (A) to a third party solely for the purpose of such third party directly facilitating or supporting the Licensee's use of the Software (e.g., chip fabrication) or (B) to any other third party subject to the following additional restrictions: (i) the distribution of any Input shall be governed by the GNU LGPL, MIT or BSD License and such Input shall be made publicly available in accordance with such open source license; (ii) the distribution of any Output shall be solely to other academic institution sublicensees for the internal use of the sublicensee in performing non-profit academic research and/or providing educational instruction (without the right of such sublicensee to use the Output directly or indirectly in any commercial activity or for any commercial purpose (including without limitation, developing, enhancing or supporting products, goods or services, whether for any profit or non-profit use or purpose) or to further sublicense such Output or any modifications thereto to any other party for any purposes. For example, Output shall not be sublicensed for government projects – all parties working with Input and/or Output should separately obtain Bluespec licenses); and (iii) the distribution of any Bluespec Verilog Libraries required to support Output will be sublicensed "AS IS" and with Bluespec's copyright notice maintained. Notwithstanding the foregoing, any third party corporate, academic, non-profit or other research organization (including any individual representative(s) thereof) collaborating or otherwise working with the Licensee will be deemed to be a third party for purposes of this Agreement, and any use of the Software by any such third party is prohibited hereunder without the prior execution by such third party of Bluespec's standard Software License Agreement and the payment by such third party of the license and maintenance fees payable thereunder in accordance with Bluespec's then-current terms and fees.

### 2. LICENSEE OBLIGATIONS

2.1 Except as expressly authorized in Section 1, Licensee may not copy, modify, reverse engineer, decompile, disassemble or create derivative works based on the Software or Documentation or permit any third party to do so, except as permitted by applicable law, and to the extent that Bluespec is not permitted by such law to exclude or limit such rights.  
2.2 Licensee shall defend, indemnify and hold Bluespec and its affiliates and the directors, officers, employees and agents (including successors and assigns) of it and its affiliates ("Bluespec Indemnitees") harmless against any claim, suit, proceeding or other action and all related

damages, liabilities, costs and expenses (including reasonable attorneys' fees) by a third party ("Third Party Claim") against any Bluespec Indemnitee arising out of or relating to (a) Licensee's failure to comply with its obligations in Section 1 (License Grant) or Section 4 (Title; Confidentiality) of this Agreement, (b) Licensee's failure to comply with all local, Federal and international laws, treaties, rules, regulations, guidelines and codes of practice relating to usage of the Software; (c) any intellectual property infringement claim covered by Section 10(i)-(iv) below; or (d) any personal injury (including death) or property damage in any way arising out of Licensee's gross negligence of willful misconduct. As a condition to Licensee's indemnification obligations hereunder, Bluespec will give Licensee (A) prompt written notice of any Third Party Claim, (B) such information and assistance as Licensee may reasonably request, at Licensee's expense, in connection with the defense, settlement or compromise of the Third Party Claim, and (C) sole authority to control and direct the defense, settlement or compromise of the Third Party Claim, except Licensee may not compromise or settle such Third Party Claim without Bluespec's written consent (which consent will not be unreasonably withheld or delayed). Bluespec may elect to participate in any such action with an attorney of its own choice at its own expense.

2.3 Any use, duplication or disclosure by or to the US Government is subject to the terms of this Agreement and is furnished as unpublished, copyrighted, trade secret, proprietary data with Restricted Rights pursuant to FAR 52.227-19 Commercial Computer Software.

### 3. PAYMENT

All fees are due and payable within thirty (30) days from the date of Bluespec's applicable invoice. Fees identified on a License Order Schedule are exclusive of taxes or duties. Licensee agrees to pay any and all taxes and duties that may be imposed by any taxing authority in connection with the Agreement, excluding taxes based on Bluespec's income. Past due amounts are subject to a late charge equal to the lesser of 1-1/2% per month or the maximum amount allowed by law.

### 4. TITLE; CONFIDENTIALITY

The Software and Documentation, together with any related information and materials, including but not limited to, methodologies and know-how relating in and to the Software and Documentation, and all intellectual property rights related thereto (collectively, the "Proprietary Information") constitute trade secrets and proprietary data of Bluespec and any third party from whom Bluespec has received marketing, distribution or sublicensing rights ("Third Party Lessor"), and nothing in this Agreement will be construed to convey any title or ownership rights to Licensee. Licensee will use best efforts to safeguard the confidentiality of the Software, together with any related information and materials, including but not limited to, methodologies and know-how relating in and to the Software, and any other information marked as confidential by Bluespec or which relates to technical aspects of the Software (including without limitation competitive benchmarking results, unless Bluespec's express prior written consent has been provided) (collectively, the "Confidential Information"). Licensee agrees to receive and hold in confidence and not disclose, except as explicitly allowed hereunder, the Confidential Information to any third parties. Licensee may disclose Confidential Information to its Authorized Users on a need-to-know basis, provided all such persons are bound to Licensee in writing by confidentiality terms no less restrictive than those of this Agreement. Licensee's confidentiality obligations will not apply to information that (i) is or becomes part of the public domain through no act or omission of Licensee, (ii) was in Licensee's lawful possession prior to the disclosure as evidenced by written records, (iii) is lawfully obtained from a third party without restriction on disclosure, or (iv) is independently developed by Licensee without use of or reference to Bluespec's Confidential Information (it being understood and agreed that Licensee's confidentiality obligations hereunder shall not otherwise restrict Licensee from publishing research arising from or related to its use of the Software in accordance with this Agreement (including any Input), provided that Licensee acknowledges Bluespec by name in any such research publication). Licensee will not allow the removal or modification of any proprietary notice made part of the Software or Documentation and must reproduce all proprietary rights notices on any copies of the Software and Documentation made pursuant to this Agreement. Licensee acknowledges that Bluespec and any Third Party Lessor will have the right to take all reasonable steps to protect their proprietary interests and will be entitled to seek injunctive relief and any other legal or equitable remedies. All enhancements and/or modifications to the Software or Documentation and all intellectual property rights therein will also be owned by Bluespec or the respective Third Party Lessor and will be subject to these provisions. Bluespec, with reasonable prior notice, will have the right to audit Licensee's compliance with this Agreement. Audits will be conducted no more than once annually. All audit activities conducted by Bluespec or its representatives shall be at the sole expense of Bluespec, unless there is a discrepancy in Licensee's usage in excess

of five percent (5%) of the license grant. In the event Licensee's usage is in excess of five percent (5%), Licensee shall pay the cost of the audit as well as the fee associated with the excess usage.

### 5. TERM

The term of each license will be specified in the applicable License Order Schedule. Except as may be otherwise specified in a License Order Schedule, each license may be renewed for successive one-year terms (each, a "Renewal Term") at Bluespec's then-current academic institution pricing upon execution by Bluespec and Licensee of an amended License Order Schedule at least thirty (30) days prior to the expiration of the term of such license as specified in the then-current License Order Schedule.

### 6. TERMINATION

In addition to the other termination rights granted herein, Bluespec may terminate any license(s) granted under this Agreement upon written notice, provided the basis for such termination is a material failure by Licensee to perform its obligations hereunder and such failure is not corrected within ten (10) days from the date such notice is received. This Agreement may also be terminated for convenience by either party upon thirty (30) days' prior written notice if there are no License Order Schedules or licenses in effect at the time of termination. Upon expiration or termination of any license granted hereunder or the termination of this Agreement, Licensee will promptly discontinue use of the Software and return all copies of the Software, Documentation and related materials in its possession or control to Bluespec or certify to their destruction in writing. The provisions of Sections 2.2, 3, 4, 6, 8.2, 9, 11 and 12 will survive expiration or termination.

### 7. UPDATES AND LICENSEE SUPPORT

Provided Licensee is in compliance with this Agreement (including being current on all payments), Licensee will be entitled to receive Updates (as defined below) and Standard Licensee Support (as defined below) during the applicable license term in accordance with Bluespec's then-current standard Licensee Support Services Policy. "Updates" has the meaning set forth in such Licensee Support Services Policy. "Standard Licensee Support" refers to the technical support services described in Bluespec's then-current standard Licensee Support Services Policy. Licensee may order additional support and other services under this Agreement or a separate contract. Any Update to the Software or modification to the Documentation shall be included within the meanings of the terms "Software" and "Documentation", respectively, for purposes of this Agreement, except to the extent otherwise expressly provided herein.

### 8. LIMITED WARRANTY; DISCLAIMER OF ALL OTHER WARRANTIES

8.1 If at any time within the period ending ninety (90) days from the start of the license term specified in the applicable License Order Schedule, the Software delivered thereunder substantially fails to perform the functions described in the applicable Documentation, Bluespec, at its sole option, will either replace the failing Software or use commercially reasonable efforts to correct the failure at its own cost and expense; provided that Bluespec is notified in writing of such failure by Licensee within such 90-day limited warranty period. The remedy expressly set forth in the preceding sentence will be Licensee's sole remedy and Bluespec's exclusive liability in connection with any breach of the limited warranty in this Section 8.1. This limited warranty does not apply to any Update or any evaluation or beta version of Software, each of which is provided on an AS IS basis only. Licensee is solely responsible for the selection of the Software to achieve its intended results and for the results actually obtained. Bluespec makes no warranty that any Software will operate uninterrupted or be error-free.

### 8.2 EXCEPT FOR THE EXPRESS LIMITED WARRANTY IN SECTION

8.1 ABOVE, NEITHER BLUESPEC NOR ANY THIRD PARTY LICENSOR MAKES ANY WARRANTIES, EXPRESS OR IMPLIED, WITH RESPECT TO THE SOFTWARE, DOCUMENTATION, UPDATES, STANDARD LICENSEE SUPPORT OR ANY OTHER MATERIALS OR SERVICES UNDER THIS AGREEMENT, INCLUDING BUT NOT LIMITED TO THE IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE AND NON-INFRINGEMENT.

### 9. INFRINGEMENT

Except as otherwise provided below, Bluespec shall (a) defend Licensee from any action brought against Licensee that is based on a third party claim (not including any non-practicing entity) that the Software, when used within the scope of this Agreement, infringes a United States patent, copyright, or trade secret of such third party ("Infringement Claim"), and (b) indemnify and hold Licensee harmless from any related damages, liabilities, costs and expenses (including reasonable attorneys' fees) with respect to such Infringement Claim finally adjudicated by a court or administrative body of competent jurisdiction after all appeals have been exhausted or at the time of a final settlement of such claim by Bluespec or final award, if applicable (collectively, "Losses"). As a condition to Bluespec's indemnification obligations hereunder, Licensee will give

Bluespec (A) prompt written notice of any Infringement Claim, (B) such information and assistance as Bluespec may reasonably request, at Bluespec's expense, in connection with the defense, settlement or compromise of the Infringement Claim, and (C) sole authority to control and direct the defense, settlement or compromise of the Infringement Claim, except Bluespec may not compromise or settle such Infringement Claim without Licensee's written consent (which consent will not be unreasonably withheld or delayed). Licensee may elect to participate in any such action with an attorney of its own choice at its own expense. Bluespec shall not be liable hereunder for any costs or expenses incurred by Licensee without Bluespec's prior written consent. Should any Software become, or in Bluespec's opinion is likely to become, the subject of an Infringement Claim, Bluespec may at its option (i) procure for Licensee the right to continue using the Software, or (ii) replace or modify the Software to make it non-inFRINGING, or (iii) terminate the license for the affected Software. Upon termination of the license, Bluespec will refund to Licensee, as Bluespec's sole liability and Licensee's sole remedy, all license fees actually paid by Licensee for the terminated license less an amount equal to one sixtieth of such license fees for each month or portion thereof that has elapsed since the start of the license term of the applicable license. The foregoing states the entire liability of Bluespec and Licensee's sole remedy with respect to any claim of infringement.

#### **10. IMPLEMENTATION AND ALTERATION**

Licensee acknowledges and agrees that (a) failure to implement all corrections or Updates supplied by Bluespec or (b) any attempts by Licensee to alter any Software without Bluespec's written direction or consent, will be at Licensee's sole risk and may render the Software unusable or nonconforming to the applicable Documentation. In no event will Bluespec have any obligation to support or maintain any altered Software or any Software for which Updates have not been applied within a reasonable period of time after their release by Bluespec. Notwithstanding anything herein to the contrary, Bluespec will not be responsible or liable for any warranty or infringement claims (or any related losses, damages, liabilities, costs and expenses whatsoever), Software errors or any nonconformance with the applicable Documentation if such claims arise out of or are related to (i) any modification of the Software or Documentation made by any party other than Bluespec; (ii) Licensee's failure to implement any Updates within a reasonable period of time after their release by Bluespec, (iii) the use or combination of the Software with other items not provided by Bluespec or any usage of the Software otherwise not in accordance with this Agreement, the Documentation and any other applicable user documentation or specifications furnished by Bluespec in writing, or (iv) compliance by Bluespec with any designs, specifications or instructions furnished by Licensee.

#### **11. LIMITATION OF LIABILITY**

EXCEPT WITH RESPECT TO BLUESPEC'S OBLIGATIONS UNDER SECTION 9 (INFRINGEMENT), AND NOTWITHSTANDING THE FORM IN WHICH ANY LEGAL OR EQUITABLE ACTION MAY BE BROUGHT, IN NO EVENT SHALL BLUESPEC OR ANY THIRD PARTY LICENSOR BE LIABLE HEREUNDER IN THE AGGREGATE FOR DAMAGES WHICH EXCEED THE AMOUNT OF THE LICENSE FEES ACTUALLY PAID IN THE PREVIOUS TWELVE MONTHS BY LICENSEE FOR THE SOFTWARE (AND PURSUANT TO THE APPLICABLE LICENSE ORDER SCHEDULE) WHICH GAVE RISE TO SUCH DAMAGES. NOTWITHSTANDING ANYTHING HEREIN TO THE CONTRARY, IN NO EVENT SHALL BLUESPEC OR ANY THIRD PARTY LICENSOR BE LIABLE FOR CONSEQUENTIAL, INDIRECT OR EXEMPLARY DAMAGES (SUCH AS, BUT NOT LIMITED TO, MULTIPLE OR PUNITIVE DAMAGES, DOWNTIME COSTS, CAPITAL COSTS, LOST DATA OR LOST PROFITS), ARISING OUT OF THE USE, OR INABILITY TO USE, OR DEFECT, FAILURE OR MALFUNCTION IN, THE SOFTWARE, DOCUMENTATION, UPDATES OR ARISING OUT OF THE STANDARD LICENSEE SUPPORT OR OTHERWISE UNDER THIS AGREEMENT, ANY LICENSE ORDER SCHEDULE OR THE LICENSEE SUPPORT SERVICES POLICY, WHETHER A CLAIM FOR SUCH DAMAGES IS BASED UPON WARRANTY, CONTRACT, TORT, NEGLIGENCE OR OTHERWISE, EVEN IF BLUESPEC OR SUCH THIRD PARTY LICENSOR HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

#### **12. GENERAL**

Licensee may not assign, sublicense or otherwise transfer its rights or obligations under this Agreement without Bluespec's prior written consent. Licensee consents to Bluespec naming Licensee on its website and/or its other marketing materials as a participating academic institution in Bluespec's University Program (and in displaying Licensee's logo or logos in furtherance of such use). A waiver of any breach(es) will not constitute a waiver of any future breach of a similar or different nature. If any provision of this Agreement is deemed illegal or unenforceable, that

provision will be severed and the remainder of this Agreement will remain in full force and effect. The headings used in this Agreement are for convenience only and will not create any rights or obligations or affect the meaning or interpretation of this Agreement. This Agreement and all matters arising out of or relating to this Agreement will be governed by and construed in accordance with the laws of the Commonwealth of Massachusetts, U.S.A., excluding all choice of law provisions. All proceedings relating to or arising out of the subject matter hereof will be maintained exclusively in the courts situated in Boston, Massachusetts, U.S.A., and the parties hereby consent to personal jurisdiction and venue therein and hereby waive any right to object to personal jurisdiction or venue therein. Notwithstanding the foregoing, Bluespec may initiate an action in any court of competent jurisdiction to seek injunctive relief and any other legal or equitable remedies to prevent or halt a violation of Section 1 (License Grant) or Section 4 (Title; Confidentiality) of this Agreement. Licensee acknowledges that the Software may be subject to export controls under applicable export control regulations, including without limitation, the U.S. Export Administration Regulations, and agrees to comply with any such regulations. This Agreement contains the entire agreement between Bluespec and Licensee on its subject matter and supersedes all other agreements, proposals, representations and other understandings regarding the Software, whether oral or written. The terms and conditions of any purchase order or other instrument issued by Licensee or its agent in connection with this Agreement that are in addition to or inconsistent with the terms and conditions of this Agreement are null and void and will not be binding on Bluespec. In the event of any conflict between this University Software License Agreement and any License Order Schedule or the Licensee Support Services Policy, the terms of this University Software License Agreement shall control. All notices permitted or required under this Agreement will be sent to the recipient party's address stated in this Agreement (as may be modified in writing) by certified mail, return receipt requested, or received overnight carrier. Alterations or modifications of this Agreement will be valid only if made in a writing signed by both parties. Bluespec and Licensee hereby acknowledge and agree that any provisions of any state law adopting exactly or in modified form the Uniform Computer Information Transactions Act ("UCITA") will not be applicable to this Agreement. Furthermore, both Bluespec and Licensee waive any and all rights arising from any such law.
